

Ohio University School of Nursing

Schedule of Course Offerings*

The following course schedule lists all Nursing courses being offered for each start date. Please read the advising review letter you have received from the school of nursing. The advising review letter will tell you which nursing courses you need to take.

Each student should begin with the NRSE 300 (unless your advising review letter states you have received transfer credit for this course). After you complete NRSE 300 you can decide if you want to take 1 nursing course per start or 2.

The start dates for each five-week session are listed in the left hand column

***Please note that while we have no intention of deviating from the listed offerings, sometimes things beyond our control occur. Should such an unforeseen event occur, we may have to change a course offering.**
